

# CASCADE SWIMMING POOLS

Established 1971

*Stay cool ... in your CASCADE swimming pool!*

AWARD WINNING POOLS  
BUILT SPECIALLY FOR YOU BY KIWIS

Cascade is a New Zealand tradition - with more than 8,500 Kiwi Families enjoying their beautiful Cascade swimming pool!

- ✓ Low Chlorine or other nasty pool chemicals
- ✓ Environmental design years ahead
- ✓ Insulation creates a Solar Panel in your yard
- ✓ FRESHWATER pools good enough to drink!
- ✓ 100% germs and bacteria eliminated

Tell us what you want, and we will build it!

- A NZ first! 'Free Solar Heated' swimming, recycled INFILLFOAM insulation, SUNTRAP solar bubble cover gives customers a warm, cheapest-to-heat and operate, swimming pool
- Chlorine-free fresh water with Activated Oxygen sterilisation system - the process that in most areas sterilises your drinking water these days.
- Eliminate pool chemical requirements, water so soft, safe and pure that you can actually drink it! No more 'stinging' eyes - and no 'Chlorine Smell' - ever!
- Rapid installation. Our average family size pool shell can be installed in less than a week - cutting the waiting time from excavation to first swim by weeks!
- Lifetime Expectation Warranties - the longest lasting pool interior available - Twenty-five Year quality guarantee on the Aqualux interior - with a choice of colours

# FRESHWATER POOLS

Want to reduce the chemicals in your life?

So do we. Cascade makes an effort to be environmentally responsible by reducing - as much as possible - swimming pool chemicals like chlorine that can affect the environment - and swimmers too!

We avoid Salt Chlorinators (Yes, salt pools are chlorine pools) and urge you to consider alternative non-toxic ways to keep your pool sterile and safe for the kids. ... We have the answer!

Your city or town water - and often by choice Rural water as well - is ozonated to destroy all bacteria and pathogens, so why not demand the same level of safety for your swimming pool?

MOSAIC TILES

PACIFIC BLUE

**Modern, luxury houses or smaller units in central city, Cascade will provide the right pool ... for the right location!**

**Swimlane length larger backyard pools, or cramped inner city spaces that are virtually useless, can be transformed into useful swim-exercise pools!**

**We will design and build your personalised custom shape and size Cascade pool to suit your family and landscape**

**The amazing little DOLPHIN automatic pool crawler will keep tedious pool cleaning chores to a minimum.**

**Self powered, it doesn't affect pool water circulation like some cheaper quality pool sweeps.**

**Supplied with every PRESTIGE pool by Cascade.**

PACIFIC BLUE

The perfect place for this suburban swimming pool!

A top lawn that was under-used, and a nuisance to mow. Never suitable for the children to play on due to the sloping site.

With a little excavation and a few small retaining walls, Cascade transformed this area into a world-class pool and entertainment area!

Or a neglected back garden area that was in a hollow, hard to keep tidy and generally unattractive!

Look how a Cascade pool built a meter above the ground transformed another unused area, adding utility and value to the property!

The **ULTIMATE** Pool Water Management System!
